SWCD Seeking Input on Conservation Priorities

The Dakota County Soil and Water Conservation District (SWCD) along with the USDA Natural Resources Conservation Service (NRCS) invite Dakota County landowners to be part of a listening session to discuss conservation priorities for 2010. The listening session will provide an opportunity for local landowners to get involved and help direct local conservation efforts by establishing resource priorities under the USDA Environmental Quality Incentive Program (EQIP).

The citizen input session will be held at the Dakota County Extension and Conservation Center in Farmington on Wednesday, January 6 between 3:00 p.m. and 5:00 p.m. For more information about the listening session, USDA EQIP process, or for meeting directions you may go to www.dakotacountyswcd.org or call the SWCD office at 651-480-7777.
